This Registration Certificate is valid until canceled and is not transferable.

This is your Kansas Retailers' Sales Tax Certificate.

How to Display and Use Your Certificate

Your registration certificate must be displayed in a "conspicuous location" in your business. Many businesses place it in a display case or area near their cash register. Display the certificate proudly to let your customers know you are duly registered to collect and remit the taxes you are charging them. If you are registered for more than one tax, group the certificates together. You must have a certificate at all times. If your certificate is lost or destroyed, request a duplicate from the Department of Revenue.

If you do not have a permanent fixed business location, carry your registration certificate with you. Many retailers traveling from site to site have their certificates laminated to protect them during travel. Your certificate should be available at each temporary location should local or state officials request proof of registration.
